Hon. Michael Makuei Lueth
Minister,
Ministry of Information, Communication Technology and Postal Services
Juba, South Sudan

Subject: Request for Financial Support for Fixing South Sudan Programs

Dear Hon. Michael,

I write to bring to your esteemed attention the pitiable case of Fixing South Sudan, a flagship show on SSBC. The program has been broadcasting public interest programming for the past three years without material or financial contribution from SSBC or its mother ministry.

Since Fixing South Sudan informs and educates citizens and policy makers on nation building issues on a weekly basis, it deserves support to spur the show's efforts towards peace and confidence building.

I humbly request that the Ministry of Information, Communication Technology and Postal Services approves a sum of \$10,000.

The funds will support five months operations for the show as well as sponsor the host of Fixing South Sudan Show to attend an eight weeks training course on TV presenting, using the mega broadcasting studios of South African Broadcasting Cooperation in Johannesburg as per the attached letter of acceptance.

Truly yours,

Mading Ngor Akech
Host, Fixing South Sudan Show

ii CLO - SSIGW

For your kind consideration

Subject: Request for Financial Support for Fixing South Sudan Programs

Dear Hon. Michael,

I write to bring to your esteemed attention the pitiable case of Fixing South Sudan, a flagship show on SSBC. The program has been broadcasting public interest programming for the past three years without material or financial contribution from SSBC or its mother ministry.

Since Fixing South Sudan informs and educates citizens and policy makers on nation building issues on a weekly basis, it deserves support to spur the show's efforts towards peace and confidence building.

I humbly request that the Ministry of Information, Communication Technology and Postal Services approves a sum of \$20,000.

The funds will support five months operations for the show as well as sponsor the host of Fixing South Sudan Show to attend an eight weeks training course on TV presenting, using the mega broadcasting studios of South African Broadcasting Cooperation in Johannesburg as per the attached letter of acceptance.

Truly yours,

Mading Ngor Akech
Host, Fixing South Sudan Show
